

Our practice, **7Mikados Physician, Inc.**, is deeply committed to maintaining the confidentiality and security of your personal health information. We strictly adhere to all federal mandates, including the **Health Insurance Portability and Accountability Act (HIPAA)** and the **Health Information Technology for Economic and Clinical Health (HITECH) Act**, to ensure your data is protected against unauthorized access. Furthermore, we comply with all applicable **California state privacy laws**, such as the Confidentiality of Medical Information Act (CMIA), which often provide additional layers of protection for our patients. Our staff is regularly trained on these evolving regulations to uphold the highest standards of data integrity and patient trust. We utilize advanced physical and digital safeguards to secure your medical records and sensitive communications. By following these rigorous legal frameworks, we guarantee that your healthcare journey remains private and secure within our office.
